reference: Astro.4

The figure displays the performance metrics of the reference model, Astro.4, over time. The metrics are represented by colored lines with markers. The y-axis ranges from -1.0 to 1.0, and the x-axis has four major ticks. A horizontal dotted line is at y=0.0. The metrics show various trends: some increase, some decrease, and some fluctuate. A blue line at the bottom shows a sharp initial drop followed by a gradual rise.
